01 Why We Collect Emergency Contact Information

The Amanah Institute of ABAS is committed to supporting the safety and well-being of individuals participating in The Ramadan Experience 2027.

Because this is an international virtual event, participants and volunteers may be joining from different cities, states, provinces, and countries. This form provides important information that may help the Institute respond appropriately if a serious emergency occurs during an official Ramadan Experience activity.

If Institute representatives become aware of an emergency requiring immediate assistance, they will first attempt to contact the appropriate emergency services for the location you have provided. After successfully contacting local emergency services, the Institute will attempt to notify the emergency contact identified on this form.

Important: Because The Ramadan Experience 2027 is conducted virtually, the Institute cannot guarantee that it can reach, dispatch, or coordinate emergency responders in every location. Participants should contact their own local emergency services immediately whenever they are able to do so.

All information will be handled as confidential personal information, accessible only to authorized personnel with a legitimate event safety or administrative need, subject to applicable law.
